

## Spokane County Triage Transport Destination Procedures

### Cardiac

ALL High-risk cardiac patients transport to Level I Cardiac Centers – Sacred Heart or Deaconess

High-risk cardiac = patients meeting immediate criteria OR with Risk criteria of  $\geq 4$

### Psychiatric

Involuntary psychiatric patients will be transported to nearest hospital determined by EMS – Includes ALL of Spokane County's local emergency departments.

### Stroke (time of onset < 24 hours)

LAMS  $\geq 4$  transport to Level I Stroke Center – Sacred Heart

LAMS  $\leq 3$  transport to closest Level I or Level II Stroke Center – Sacred Heart, Deaconess, Holy Family

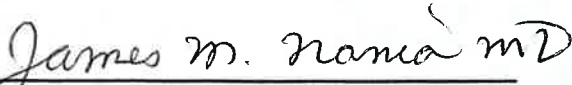

### Trauma

Red Criteria transport to Level II Trauma Center – Sacred Heart

Yellow Criteria transport to closest Level II or Level III Trauma Center – Sacred Heart, Deaconess, Holy Family, or Valley

When transporting to downtown Spokane consider the downtown hospitals (Sacred Heart and Deaconess) equidistant from any direction.
