

JUNE 25TH, 2025 HOSPITAL: SEX TRAFFICKING

Preparing for the unanticipated community needs

It is that time of year again where we want to start preparing for the influx of tourists and visitors to the Spokane Metro area. As we think about annual, highly attended, community events such as Hoopfest; we want to be prepared for anyone that comes through our doors. Providence Security and Emergency Management brought together a team to bring a topic to light that lives on the darker side. Our partners at Spokane PD, FBI, Spokane County Prosecuting Attorney's Office, the Department of Justice, and the Helping Captives Organization will present some key information on how we can all be better prepared interacting with those who may be a victim of sex trafficking. What key indicators can you look for? How can you help? Please join us for this important presentation.

**Who should attend:
Anyone interested!**

**No Registration
Required**

**Identify resources
available**

**Be the beacon of
hope that victims
can turn to in their
darkest hour**
