

Hospital Emergency Response Team Tent Setup “Open House”

Emergency Management is partnering with our Holy Family Hospital Facilities team to provide an opportunity for a walkthrough of our mass decontamination tents. Providence Hospitals have several Caregivers trained to respond to a mass casualty event where there is also a need for mass decontamination. In preparation of such an event, we want to provide this opportunity for *hospital staff and our first responder community* to join us and see the process firsthand.

Where: Holy Family Hospital

When: Wednesday, May 14th, 2025 9am-11am

Who: Hospital Staff and First Responders

No registration is required. We will be setup in our back lot near the doctors parking garage:

Join us!!!
